REGIONAL FORUMS

Local meetings planned around the needs of the community hosting the forum. Connect with industry leaders and tap into resources that help solve problems unique to the community.

The purpose of NHCC Regional Forums is to expand our presence and to provide additional corporate membership benefits to NHCC corporate members. The NHCC Regional Forums can serve as a prelude to future NHCC Annual Conferences to gather content, enhance membership development, build up the attendance, and create additional opportunities for the organization.

The new NHCC Regional Forum will be a one-day event held at a corporate member headquarters, regional office, or in conjunction with other corporate members. In addition, nonmember companies, as well as colleges and universities (ex: SMU Cox School of Business) can offer to host these events. Each forum can focus on one or a combination of NHCC's five pillars and will serve as the foundation for knowledge and content for the Education Committee to explore for the NHCC Annual Conference.

DEVELOPMENT PROGRAMS

Overview

The NHCC Corporate Executive Development Program (NHCC-CEDP)

in partnership with Southern Methodist University (SMU), has embarked on a unique journey to provide program participants with an educational experience focused on sustained behavior change that provides knowledge, skills and tools for maximizing strategic relationships within and outside their corporations. As a member of the fastest growing demographic in the country, we know that the NHCC-CEDP, will give the program participants and future members of the C-Suite the competitiveness and sustained success to lead their industry and their future. <http://nhcchq.org/programs/cedp/>

Rising Leaders

Rising Latino Leaders is a one-week certificate program offered through SMU Cox aimed at expanding the pool of Latino middle managers and position them for mid-level success. Through the RLLP, participants will gain awareness of cultural barriers and opportunities for advancement. The RLLP is delivered over four and a half days and takes place on SMU's campus in Dallas, TX. <http://nhcchq.org/programs/rll/>
